

**Forty years ago,
a Volkswagen was unique,
fun-to-drive,
and not for everyone.**

Forty years ago, we introduced a car unlike any other car. That car was the Beetle.

Now we're introducing Volkswagens unlike any other Volkswagens. They're the 1989 Wolfsburg Limited Editions. Six one-of-a-kind Volkswagens that come along just once a year.

Take the sporty Jetta GLI 16V. Unique Recaro®

Some things

seats, BBS® 15-inch alloy wheels, air conditioning, sunroof, and power windows, locks and mirrors set it apart from any other Volkswagen. So does the special metallic paint.

Our fun-loving Cabriolet Bestseller sports a package that includes a multi-stripe interior not found on any other Volkswagen. There's even a matching top and boot cover.

never change.

Our Fox GL, Golf GL, Jetta GL, and Vanagon also have unique interiors. Plus alloy wheels, special paint, and many other added features.

No matter which Wolfsburg you choose, some very special savings come standard. So does a performance that's uniquely Volkswagen.

If you want a car unlike any other car, get a Volkswagen. And if you want a Volkswagen unlike

any other Volkswagen, we have that too.

Test drive one of the Wolfsburg Limited Editions today. We made them unique. We made them affordable. But we didn't make enough for everyone.

VOLKSWAGEN

Cabby-Info.com
